31st Annual Report 2016-2017

ANNEXURE IV

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Directors of **Apollo Finvest (India) Limited** are pleased to present the Management Discussion & Analysis ("MD & A") Report for the Year Ended 31st March, 2017. Your Company is engaged in giving loans, investment in shares / debentures, immovable properties, equity mutual funds and debt mutual funds etc.

BUSINESS SCENARIO

The NBFC (Non-Banking Finance Company) sector has evolved considerably in terms of its size, operations, technological sophistication, and entered into newer areas of financial services and products. NBFCs are now deeply interconnected with the entities in the financial sector, on both sides of their balance sheets.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Company's main business is investment in shares / debentures, immovable properties, equity mutual funds, and debt mutual funds etc and giving loans. Sales and other income of the Company during the year was Rs. 11,851,244. The Company has for the year ended 31st March, 2017, made a net profit of Rs. 1,135,151. The net-worth of the Company stood at Rs. 155,274,454 as compared to Rs. 154,139,302 in the previous year.

OPPORTUNITIES AND THREATS

NBFCs, Banks and various financial lenders are facing the threat of increase in Non-performing assets which had resulted in a slowing credit growth. However, the penetration of Consumer Credit in India is very low in comparison to other high growth countries. This bodes well for NBFC's as newer opportunities for lending may be available in the consumer space. Technology is making a breakthrough in Finance, which has given rise to Fin-tech companies that are making newer avenues available to NBFC's for lending.

SEGMENT-WISE PERFORMANCE

The Company's main business is investment in shares / debentures, immovable properties, equity mutual funds, and debt mutual funds etc and giving loans. All the activities of the Company are related to its main business. As such there are no separate reportable segments.

OUTLOOK

In the present era of digital revolution, technology has been leaving its indelible mark in several areas, including finance.

The Directors believe technology will play a crucial role in making a break-through in the NBFC sector for the years to come. The use of technology typically has been confined to calculation of 'credit scores'. However, financial technology's involvement is proving to be beneficial at providing efficiency gains by calculating credit scores based on machine learning algorithms, alternative data points such as social media footprints, call records, shopping histories, payments to utility service providers and various other data points. There are several such opportunities for the sector and the outlook for the coming years will continue to remain positive.

RISKS AND CONCERNS

The company is mainly exposed to risks arising out of counterparty failures, funding and asset concentration, interest rate movement and risks pertaining to liquidity and solvency, as any other financial sector player.

It is also exposed to market risk in the form of reduction in value of its investments and fall in returns due to dip in the investee company's performance. As a result today's operating environment demands a rigorous and integrated approach to risk management, which the company has incorporated in its strategic and operating decisions.

INTERNAL CONTROL AND INTERNAL AUDIT SYSTEM

The Company has an internal control system, commensurate with the size, scale and complexity of its operations. Significant audit observations and corrective actions, if any are presented to the Audit Committee of the Board.

HUMAN RESOURCES

Relations remained cordial with employees at all levels during the year.

CAUTIONARY STATEMENT

The Statement in this Management Discussion and Analysis report, describing the Company's outlook, projections, estimates, expectations or predictions may be "Forward looking Statements" within the meaning of applicable securities laws or regulations. Actual results could differ materially from those expressed or implied.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

**REPORT ON THE INTERNAL FINANCIAL CONTROLS
Under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the Internal Financial Controls over financial reporting of (“the Company”) as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the criteria established by the Company considering the size of company and essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“the Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls were operating effectively as at March 31, 2017, based on the assessment of essential components of internal controls over financial reporting stated in the Guidance Note carried out by the Company and representation to that effect is made available to us by the Company.
